

## Fill in the gaps

her back

When you lose something	To try and (6) her back
It's all that you (1) back	But it don't work (7) that
You waited patiently	You just (8) watch it fly
But it don't work like that	Stand there on the side line
When you lose someone	Wanna swallow up your pride
The first thing that goes through (2) head	Know it's gonna be alright
Is if you run fast enough	Wishing when I close (9) eyes
You just might catch up	With a kiss goodbye
But it don't work (3) that	When you lose something
You just gotta watch it fly	It's all that you want back
Stand there on the side line	You just gotta watch it fly
Wanna swallow up your pride	Stand there on the side line
Know it's gonna be alright	Wanna swallow up your pride
Wishing (4) I close your eyes	Know it's gonna be alright
With a kiss goodbye	Wishing I could close your eyes
Well the hardest part	With a kiss goodbye
Yeah, it (5) so bad	Like a kiss goodbye
Is when she spreads her wings	
But it'd be a selfish thing
