Did you know?

He's nearly finished with the preparations for the day

When The Wild Wind Blows by Iron Maiden

Have you heard what they said on the news today	He's getting tired that'll do for now
Have you heard what is coming to us all	They are preparing for the very worst to come to them
That the world as we know it	Getting ready when the wild wind blows
Will be coming to an end	He sees the (4) on the wall it's falling down
Have you heard?	Upside down
Have you heard?	He sees a teardrop from his wife roll down her face
He sees them in the distance	Saying grace
Where the darkened clouds roll	Remember time they had
He can feel tension in the atmosphere	They flash right through his mind
He would look in the mirror	Left behind
See an old man now	Of a lifetime spent together long ago
Does it matter they survive somehow	Will be gone
They said there's nothing	They've been preparing for some weeks now
Can be done about the situation	For when the crucial moment comes
They say there's nothing we can do at all	To take their refuge in the shelter
To sit and wait around for something to occur	Let them prepare for what will come
Did you know?	They make a tea and sit there waiting
Did you know?	They're in the (5) feeling snug
As he stares across the garden	Not long to wait for absolution
Looking at the mea dows	Don't make a fuss just sit and wait
Wonders if they'll ever grow again	Can't (6) all the lying
The desperation of the situation getting graver	All the screens are denying
Getting ready when the wild wind blows	That the moments of truth have begun
Have you seen what they said on the news today	Can't you see it on the T.V.
Have you heard what they said (1) us all	Don't believe them in the least bit
Do you know what is happening	Now the days of our ending have begun
To just (2) of us	Say a prayer when it's all over
Have you heard?	Survivors unite all as one
Have you heard?	Got to try and help each other
There will be a catastrophe that like we've never seen	Got the will to overcome
There will be something that will light the sky	I can't believe all the lying
That the world as we know it	All the screens are denying
It will never be the same	That the moments of truth have begun
Did you know?	Can't you see it on the T.V.
Did you know?	Don't believe them in the least bit
He carries everything into the shelter not a fuss	Now the days of our (7) (8) begun
Getting ready when the moment comes	When they found them
He has enough (3) to last them for a	Had their arms wrapped around each other
year or two	Their tins of poison laying nearby their clothes
Good to have because you never know	The day (9) both mistook an earthquake
They tell us nothing that we don't already know about	For the fall out
They tell us nothing that is real at all	Just another when the wild wind blows
They only fill us with the stuff that they want
