## When The Wild Wind Blows by Iron Maiden

Have you heard what they (1) on the news today	He's getting tired that'll do for now
Have you heard what is coming to us all	They are preparing for the (4) worst to come to
That the world as we know it	them
Will be coming to an end	Getting ready when the wild wind blows
Have you heard?	He sees the picture on the wall it's falling down
Have you heard?	Upside down
He sees them in the distance	He (5) a teardrop (6) his (7)
Where the darkened clouds roll	roll down her face
He can feel tension in the atmosphere	Saying grace
He would look in the mirror	Remember time they had
See an old man now	They flash right through his mind
Does it matter they survive somehow	Left behind
They said there's nothing	Of a lifetime spent together long ago
Can be done about the situation	Will be gone
They say there's nothing we can do at all	They've been preparing for some weeks now
To sit and wait around for something to occur	For when the crucial moment comes
Did you know?	To take their refuge in the shelter
Did you know?	Let them prepare for what will come
As he stares across the garden	They make a tea and sit there waiting
Looking at the mea dows	They're in the shelter feeling snug
Wonders if they'll ever grow again	Not long to wait for absolution
The desperation of the situation getting graver	Don't make a fuss just sit and wait
Getting ready when the wild wind blows	Can't believe all the lying
Have you seen what they said on the news today	All the screens are denying
Have you heard what they said about us all	That the moments of truth have begun
Do you know what is happening	Can't you see it on the T.V.
To just everyone of us	Don't believe them in the least bit
Have you heard?	Now the days of our ending have begun
Have you heard?	Say a prayer when it's all over
There will be a catastrophe that like we've never seen	Survivors unite all as one
There will be something that will light the sky	Got to try and help each other
That the world as we know it	Got the will to overcome
It will never be the same	I can't believe all the lying
Did you know?	All the screens are denying
Did you know?	That the moments of truth have begun
He carries everything into the shelter not a fuss	Can't you see it on the T.V.
Getting ready when the moment comes	Don't believe them in the least bit
He has enough supplies to last them for a year or two	Now the days of our ending have begun
Good to have because you never know	When (8) found them
They tell us nothing that we don't already (2) about	Had their arms wrapped around each other
They tell us nothing that is (3) at all	Their tins of poison laying nearby (9) clothes
They only fill us with the stuff that they want	The day they (10) mistook an earthquake
Did you know?	For the fall out
Did you know?	Just another when the wild wind blows
