We're beaten and blown by the wind

Fill in the gaps

Where The Streets Have No Name by U2

•••	rampied in dust
I want to run	I'll show you a place
I want to hide	High on a desert plain
I want to tear down the walls	Where the streets (6) no name
That hold me inside	
I (1) to reach out	Where the streets have no name
And touch the flame, yeah	Where the streets (7) no name
Where the (2) no name	We're still building, then burning down lov
I want to feel sunlight on my face	Burning down love
I see the dust cloud disappear	And when I go there
Without a trace	I go there with you
I wanna take shelter	It's all I can do
From the poison rain, yeah	Our love (8) to rust
Where the streets (4) no name	We're beaten and blown by the wind
	Blown by the wind
Where the streets have no name	See our love (9) to rust
Where the streets (5) no name	I'll be beaten and blown by the wind
We're still building, then burning down love	Blown by the wind
Burning down love	(Oh) and (10) I go there
And when I go there	I go there with you
I go there with you	It's all I can do
It's all I can do	
The city's a flood	
And our love turns to rust
