

## Fill in the gaps

i might have spent my whole life	The pain was more than I (6) take
Waiting in the dark	But somehow each and every scar
Or left this place	Has been erased
With a hole inside my heart	And if the sun and moon and stars
You came when I decided	Come crashing down
This might be my fate	I'll be in your arms
Not one second early not one second late	No safer place I found
Tell me how	This is more than a simple memory
You give me (1) with just one kiss	I can't ignore
And fill my doubt	My dreams turned into reality
With a love I can't forget	(Oh) finally
(Oh) finally	I breathe again
I (2) again	There are no (7) to describe it
There are no words to describe it	There's no way that I can hide it
There's no way that I can hide it	(Oh) no, finally
(Oh) no, finally	The fear is gone
The fear is gone	And I don't have to face this (8) alor
And I don't have to (3) (4) world alone	Even though I lost my way
Even though I (5) my way	With you, I'm finally home
With you, I'm finally home	
There were times

- 2. breathe
- 3. face
