## Skyscraper (Cover) by Maddi Jane

You can break everything I am

## Fill in the gaps

Skies are crying	Like I'm made of glass
I am watching	Like I'm made of paper
Catching teardrops in my hands	Go on and try to tear me down
Only slience as it's ending	But I will be rising from the ground
Like we never had a chance	Like a skyscraper
Do you have to, make me feel like	Like a skyscraper
There is nothing left of me?	Go, run, run, run
You can (1) everything I have	I'm (5) right here
You can (2) everything I am	Watch you disappear, yeah
Like I'm made of glass	Go, run, run, run
Like I'm made of paper	Yeah it's a long way down
Go on and try to tear me down	But I am closer to the (7) up here
But I will be rising from the ground	You can (8) everything I have
Like a skyscraper	You can (9) everything I am
Like a skyscraper	Like I'm made of glass
As the smoke clears	Like I'm made of paper (oh)
I awaken	Go on and try to tear me down
And untangle you from me	But I will be rising from the ground
Would it make you, feel better	Like a skyscraper
To (3) me while I bleed?	Like a skyscraper, like a skyscraper
All my windows, still are broken	Like a skyscraper
But I' m standing on my feet	Like a skyscraper
You can (4) everything I have
