

Fill in the gaps

Rolling In The Deep (Cover) (Live) by Vázquez Sounds & Camila (Piano)

...

There's a fire starting in my heart

Reaching a fever pitch and it's bringing me out the dark

Finally, I can see you crystal clear

Go ahead and sell me out and I'll lay your ship bare

See how I'll leave every piece of you

Don't underestimate the things (1)_____ I will do

There's a fire starting in my heart

Reaching a fever pitch and it's bring me out the dark

The scars of your love remind me of us

They keep me thinking that we almost had it all

The scars of your love, (2)_____ leave me breathless

I can't help feeling

We (3)_____ have had it all...

Rolling in the deep...

You had my (4)_____ inside your hand

But you played it (5)_____ the beat

Baby, I have no story to be told

But I've heard one on you

And I'm gonna make your head burn

Think of me in the depths of your despair

Make a home down there as mine sure won't be shared

The scars of your love remind me of us

They keep me thinking that we almost had it all

The scars of your love, (6)_____ leave me breathless

I can't help feeling...

We could have had it all...

Rolling in the deep...

You had my heart inside your hand

But you played it with the beat

We (7)_____ have had it all...

Rolling in the deep...

You had my heart inside your hand

But you (8)_____ it with a beating

Throw your soul through every open door

Count your blessings to find what your look for

Turn my sorrow into treasured gold

You'll pay me back in kind

And reap just what you've sown

We could have had it all... (un aplauso México)

We could have had it all...

It all, it all, it all

We could have had it all...

Rolling in the deep...

You had my (9)_____ inside your hand

But you played it with the beat

We could have had it all...

Rolling in the deep...

You had my heart inside your hand

But you played it

You played it

You played it

You played it to the beat

Answer

Fill in the gaps

1. that
2. they
3. could
4. heart
5. with
6. they
7. could
8. played
9. heart
