

Fill in the gaps

Took a deep (1) in the mirror	Like a little kid
He didn't like it when I wore high heels	I think it's (5) that you think I'm funny
But I do	'cause
Turn the lock and put my headphones on	He never did
He always said he didn't get this song	I've (6) spending the last 8 months
But I do, I do	Thinking all (7) ever does
Walked in expecting you'd be late	Is break and burn and end
But you got here early and you stand and wave	But on a Wednesday in a cafe
I walk to you	I watched it begin again
You pull my chair out and help me in	And we walked down the block, to my car
And you don't know how nice (2) is	And I almost brought him up
But I do	But you start to talk about the movies
And you throw your head back laughing	That your family watches every single Christmas
Like a little kid	And I want to talk about that
I think it's strange that you think I'm funny 'cause	And for the first time
He never did	What's past is past
I've been spending the last 8 months	'Cause you throw your head back laughing
Thinking all love ever does	Like a little kid
Is break and burn and end	I think it's (8) that you think I'm funny
But on a Wednesday in a cafe	'cause
I watched it begin again	He never did
You (3) you never met one girl who	I've been spending the last 8 months
Had as many James Taylor records as you	Thinking all love ever does
But I do	Is break and burn and end
We tell stories and you don't know why	But on a Wednesday in a cafe
I'm coming off a (4) shy	I watched it begin again
But I do	But on a (9) in a cafe
But you throw your head back laughing	I watched it begin again
