

## Fill in the gaps

| I (1) years ago                   | And if you're done with embarrassing me |
|-----------------------------------|---|
| Someone told me I should take     | On (4) own you can go ahead tell ther   |
| Caution when it comes to love     | Tell (5) all I know now                 |
| I did, I did                      | Shout it from the roof tops             |
| And you were strong and I was not | Write it on the sky line                |
| My illusion, my mistake           | All we had is gone now                  |
| I was careless, I forgot          | Tell them I was happy                   |
| I did, I did                      | And my heart is broken                  |
| And now all is done               | All my (6) are open                     |
| There is nothing to say           | Tell them what I hoped would be         |
| You have gone and so effortlessly | Impossible, impossible                  |
| You have won                      | Impossible, impossible, impossible      |
| And so go ahead tell them         | I remember years ago                    |
| Tell (2) all I know now           | Someone told me I should take           |
| Shout it from the roof tops       | Caution when it comes to love           |
| Write it on the sky line          | I did                                   |
| All we had is gone now            | Tell them all I know now                |
| Tell them I was happy             | Shout it from the roof top              |
| And my heart is broken            | Write it on the sky line                |
| All my scars are open             | All we had is gone now                  |
| Tell them what I (3) would be     | Tell them I was happy                   |
| Impossible, impossible            | And my heart is broken                  |
| Impossible, impossible            | All my scars are open                   |
| Falling out of love is hard       | Tell them (7) I hoped would be          |
| Falling for betrayal is worst     | Impossible, impossible                  |
| Broken trust and broken hearts    | Impossible, impossible, impossible      |
| I know, I know                    | Impossible, impossible, impossible      |
| Thinking all you need is there    | I remember years ago                    |
| Building faith on love and words  | Someone told me I should take           |
| Empty promises will wear          | Caution when it comes to love           |
| I know, I know                    | I did                                   |
| And now all is gone               |   |
| There is nothing to say           |   |
