

## Fill in the gaps

Is this a riot or are you just pleased to see me	Dance to your drum
Why aren't we (1) hands and talking	And now
sweets	It's pandemonium
I love you really though I (2) no one	I can't (9) sense of anything
(3) me	All I know is the party's in full swing
There's chaos every time we meet	If we both just stopped for a minute
Oh no, look what you've gone and done	I declare war and then you'd win it
You're creating pandemonium	To tell you the truth
That song you sing means everything	I thought I was shockproof
To me	Until I saw what you get up to
I'm living in ecstasy	When you think about it, it's quite an achievement
The stars and the sun	That after all
Dance to your drum	I still love you
And now	Oh no, look what you've gone and done
It's pandemonium	You're creating pandemonium
You're (4) everywhere	That song you sing means everything
It's like you're smashing china	To me
Skidding on an icy road	I'm living in ecstasy
You're major trouble since you were almost a minor	My world's gone mad, what did you do
I sometimes think we'll both explode	Telling perfect strangers that I love you
Oh no, look what you've gone and done	The stars and the sun
You're creating pandemonium	Dance to your drum
That (5) you sing means everything	And now
To me	It's pandemonium
I'm (6) in ecstasy	
My world's (7) mad, (8) did you do	
Telling perfect strangers that I love you	
The stars and the sun
