## The Stars (Are Out Tonight) by David Bowie

	They're waiting to (6) their moves
Stars are (1) sleeping	But the stars are out tongiht
Dead ones and the living	
We (2) closer to the earth	Here they are upon the stairs
Never to the heavens	Sexless and not aware
The stars are never far away	They are the stars, they're dying for you
Stars are out tonight	But I hope they live forever
They (3) us from (4) their	They (7) you with (8) radiant smiles
shades	Trap you with their beautiful eyes
***, Jack and Kate and Brad	They're broke and shamed or (9) or scared
From hehind their tinted window stretch	But I hope they live forever
Gleaming like blackened sunshine	Their jealousy's spilling down
Stars are never sleeping	The stars must stick together
Dead ones and the living	We will never be rid of these stars
Waiting for the first move	But I hope they live forever
Satyrs and their child wives	And they (10) just what we do
Waiting for the last move	That we toss and turn at night
Soaking up our primitive world	They're waiting to make their moves on us
Stars are never sleeping	But the stars are out tonight
Dead ones and the living	Yeah
Their jealousy's spilling down	The stars are out tonight
The stars must stick together	The stars are out tonight
We will never be rid of these stars	Yeah
