

Fill in the gaps

Anywhere you are, I am near	I would (3) leave when she (4) me
Anywhere you go, I'll be there	most
Anytime you whisper my name, you'll see	What are words
How every single promise I keep	If you really don't mean them
Cause what kind of guy would I be	When you say them
f I was to leave when you need me most	What are words
Vhat are words	If they're only for good times
f you really don't (1) them	Then their done
When you say them	When it's love
Vhat are words	Yeah, you say (5) out loud, those words
f they're only for good times	They (6) go away
Then (2) done	They live on, (7) when we're gone
When it's love	Anywhere you are, I am near
eah, you say them out loud, those words	Anywhere you go, I'll be there
They never go away	And I'm gonna be here forever more
They live on, even when we're gone	Every single promise I keep
And I know an angel was sent	'Cause what kind of guy would I be
lust from me and now know I'm meant	If I was to leave when you (8) me most
To be where I am and I'm gonna be	I'm (9) keeping my angel
Standing right beside her tonight	Close
And I'm gonna he by your side
