## SUB inglés

With or without your love

## Fill in the gaps

## Careless Whisper by George Michael

| I feel so unsure  | Tonight the music seems so loud                     |
|---|---|
| As I take your hand and lead you to the dance floor           | I wish that we (7) lose this crowd                  |
| As the music dies something in (1) eyes                       | Maybe it's better this way                          |
| Calls to mind a silver screen and all its sad goodbyes        | We'd hurt each other with the things we want to say |
| I'm (2) gonna (3) again                                       | We could (8) been so good together                  |
| Guilty feet have got no rhythm                                | We could have lived this dance forever              |
| Though it's easy to pretend                                   | But now, who's gonna dance with me?                 |
| I know you're not a fool                                      | Please stay   |
| I should (4) known better than to cheat a friend              | I'm never gonna dance again                         |
| And waste a (5) that I'd been given                           | Guilty feet have got no rhythm                      |
| So I'm never gonna dance again                                | Though it's easy to pretend                         |
| The way I danced with you                                     | I know you're not a fool                            |
| Time can never mend   | I should have known better than to cheat a friend   |
| The careless whispers of a good friend                        | And (9) a chance that I'd been given                |
| To the heart and mind ignorance is kind                       | So I'm (10) gonna dance again                       |
| There's no comfort in the truth, pain is that all you'll find | The way I danced with you                           |
| I'm never gonna dance again                                   | (Now that you're gone)                              |
| Guilty feet have got no rhythm                                | Now that you're gone                                |
| Though it's easy to pretend                                   | (Now that you're gone)                              |
| I (6) you're not a fool                                       | Was what I did so wrong?                            |
| I should have known better than to cheat a friend             | So wrong that you had to leave me alone?            |
| And waste a chance that I'd been given                        |   |
| So I'm never gonna dance again                                |   |
| The way I danced with you                                     |   |

- 1. your
- 2. never
- 3. dance
- 4. have
- 5. chance
- 6. know
- 7. could
- 8. have
- 9. waste
- 10. never
