(I Just) Died In Your Arms by Cutting Crew

(Oh I)		One too many times	
I (1) died in (2) arms tonight		(Oh I)	
It must have been something you said		I just died in your arms tonight	
I just died in your arms tonight		It must have been something you said	
I (3) looking for (4)	I can't	I (6) died in your arms tonight	
get		(Oh I)	
Broken hearts, they're all around me		I just died in your arms tonight	
And I don't see an easier way to get out of this		It must have been some kind of kiss	
Her diary sits by the bedside table		I should have (7) away	
The curtains are closed		I should have walked away	
The cat's in the cradle		It was a long hot night	
Who would have thought that a boy like me		She made it easy	
Could come to this?		She made it feel right	
(Oh I)		But now it's over	
I just died in your arms tonight		The moment has gone	
It must have been something you said		I followed my hands to my head	
I just died in your arms tonight		I know I was wrong	
(Oh I)		(Oh I)	
I just died in your arms tonight		I just died in your arms tonight	
It must have been some kind of kiss		It must have been (8)	you said
I should have walked away		I just died in (9) arms tonight	
I should have walked away		(Oh I)	
Is (5) any just cause for feeling like this?		I just died in your arms tonight	
On the surface I'm a name on a list		It must have been some kind of kiss	
I try to be discreet		I should have walked away	
But then blow it again		I should have walked away	
I've lost and found it's my final mistake			
She's loving by proxy
