Hey Lucy, I remember your name	I never wanted anything so bad
I left a (1) roses on (2) grave today	Here we are
I'm in the grass on my knees, wipe the leaves away	For a brand new start
I just came to talk for a while	Living the life that we could've had
I got some things I need to say	Me and Lucy walking hand in hand
Now that it's over	Me and Lucy never wanna end
I just wanna hold her	Just another moment in your eyes
I'd give up all the world to see	I'll see you in another life
That little piece of heaven looking back at me	In heaven where we never say goodbye
Now that it's over	Now that it's over
I just wanna hold her	I just wanna hold her
I've gotta live with the choices I made	I'd give up all the world to see
And I can't (3) with myself today	That little piece of heaven looking back at me
Hey Lucy, I remembered your birthday	Now that it's over
They said it'd bring some closure to say your name	I just wanna hold her
(To say your name)	I've gotta live with the choices I made
I know I'd do it all different if I had the chance	And I can't live with myself today
(The chance)	Here we are, now you're in my arms
But all I got are (4) roses to give	Here we are for a brand new start
And they can't help me make amends	Got to (7) (8) the choices I've made
Now that it's over	And I can't live with myself today
I just wanna hold her	Me and (9) walking hand in hand
I'd give up all the world to see	Me and Lucy never wanna end
That little piece of (5) looking back at me	Got to live with the choices I've made
Now that it's over	And I can't live with myself
I just (6) hold her	Today
I've gotta live with the choices I made	Hey Lucy, I remember your name
And I can't live with myself today	
Here we are	
Now you're in my arms
