Evolution by Korn	

I'm diggin' with my fingertips					
I'm ripping at the ground I stand upon					
I'm searchin' for fragile bones					
(Evolution)					
I'm never gonna be refined					
Keep tryin' but I won't assimilate					
Sure, we have come far in time					
(Watch the bow break)					
And I'm sorry I don't believe					
By the evidence that I see					
That there's any (1) left for me					
It's evolution					
Just evolution					
And I					
I do not dare deny					
The basic beast inside					
It's right here, it's controlling my mind					
And why					
Do I deserve to die?					
I'm dominated by					
This animal that's locked up inside					
Close up to get a real good view					
I'm (2) that the species will survive					
Hold tight, I'm getting inside you					
(Evolution)					
And when we're gonna find these bones					
They're gonna wanna keep them in a jar					
The (3) one virus (4) by					
(Procreation)					
And the planet may go astray					
In a million years they'll say,					
those motherfuckers were all deranged					
It's evolution					
Just evolution					

And I
