

## Fill in the gaps

i must have dreamed a thousand dreams	Use them and let's start trying
Been hunted by a (1) screams	To make it a place worth living in
I can hear the marching feet	I remember long ago
They're moving into the street	When the sun was shining
Now did you read the news today?	And all the stars were bright all through the night
They say the danger's gone away	In the wake of this madness
But I can see the fire's still alight	As I held you tight, so long ago
Burning into the night	I won't be coming (5) tonight
There's too (2) men, too many people	My generation will put it right
Making too many problems	We're not just making promises
And not much love to go around	That we know we'll never keep
Can't you see, this is a land of confusion?	There's too many men
This is the world we live in	Too many people
And these are the hands we're given	Making too many problems
Use them and let's start trying	And not much love to go around
To make it a place worth living in	Can't you see, this is a (6) of confusion
Superman, where are you now	This is the world we live in
When everything's gone wrong somehow?	And these are the hands we're given
The man of steel, men of power	Use them and let's start trying
Are losing control by the hour	To (7) it a place worth fighting for
This is the time, this is the place	This is a (8) we live in
So we (3) for the future	And (9) are the names we're given
But there's not much love to go around	Stand up and let's (10) showing
Tell me why (4) is a land of confusion	Just where our lives are going to
This is the world we live in	
And these are the hands we're given	

- 1. million
- 2. many
- 3. look
- 4. this
- 5. home
- 6. land
- 7. make
- 8. world
- 9. these
- 10. start
