## Fill in the gaps

## Until You're Mine (Live) by Demi Lovato

wy state of mind	A way to (13) this note inside
Has finally got the (1) of me	I can't survive without you (14) by my side
I (2) you next to me	Until you're mine
I'll try to find	Not (15) be (16) close to complete
A way that I can get to you	I won't rest (17) youre mine
I just wanna get to you	Mine
The (3) I see is perfect now	Just stop wondering
You're all around	If we were meant to be
With you I can breathe	Forget (18) fate and just hold me
Until you're mine, I have to find	I'm ready to begin
A way to (4) this (5) inside	The waiting has to end
I can't survive without you (6) by my side	Right now, today
Until you're mine	l've gotta (19) a way
Not (7) be even (8) to complete	Yeah, yeah
I won't rest (9) you're mine	Mine
Mine	Until you're mine
Alone inside	Until you're mine
I can only hear your voice	Without you here by my side
Ringing (10) the noise	Until you're mine
I can't fight my mind	Not (20) be even close to complete
Keeps on (11) back to you	I won't rest Until you're mine
Always back to you	My (21) of mind
Wanted (12) out of reach	Has finally got the best of me
It's killing me	I (22) you next to me
You're all I see yeah
