

'Cause you said the brains I had went to my head

Fill in the gaps

Slip inside the eye of your mind	Step outside 'cause summertime's in bloom
Don't you know you might find	Stand up (5) the fireplace
A better place to play	Take that look from off your face
You said (1) you'd never been	'Cause you ain't ever gonna burn my (6) out
But all the things that you've seen	And so Sally can wait
Will slowly fade away	She knows it's too late as she's (7) on by
So I start a revolution from my bed	My soul slides away
Cause you said the (2) I had went to my head	But don't look back in anger
Step outside, summertime's in bloom	I heard you say
Stand up beside the fireplace	So Sally can wait
Take (3) look from off your face	She knows it's too late as we're walking on by
You ain't ever gonna burn my heart out	Her soul slides away
And so Sally can wait	But don't look back in anger
She knows it's too late as we're walking on by	I heard you say
Her soul slides away	So Sally can wait
But don't look back in anger	She knows it's too late as she's walking on by
I heard you say	My soul slides away
Take me to the place where you go	But don't look (8) in anger
Where nobody (4) if it's night or day	Don't look back in anger
Please don't put your life in the hands	I heard you say
Of a rock'n'roll band who'll throw it all away	At least not today
I'm gonna start the revolution from my bed
