

Fill in the gaps

And in your eyes	Falling (6) a star
I see (1) of color	Finding a belief
I see us	Falling where you are
Inside of each other	Catch me, don't let me drop
I feel my unconscious (2) with yours	Love me, don't ever stop
And I hear a voice say	So close your eyes
What's his is hers	And let me kiss you
I'm falling into you (falling into you)	And while you sleep
This dream could come true	I will miss you
And it feels so (3) (falling into you)	I'm falling into you (falling into you)
Falling into you	This (7) could come true
I was afraid (I was afraid)	And it feels so (8) (falling into you)
To let you in here	Falling into you
Now I have learned	Falling like a leaf
Love can't be made in fear	Falling like a star
The walls begin to tumble down	Finding a belief
And I can't even	Falling (9) you are
See the ground	Falling into you
I'm falling (4) you (falling into you)	Falling into you
This dream could come true	Falling into you
And it feels so good (falling into you)	
Falling into you
