

## Fill in the gaps

Like A Star by Corinne Bailey Rae

Just like a star across my sky			
Just like an (1) off the page		I have come to understand	
You have (2) to my life		The way it is	
Feel like I'll never be the same		It's not a secret anymore	
Just like a song in my heart		'Cause we've been (6) that before	
Just like oil on my hands		From tonight I know that you're the only one	
Honor to love you		I've been confused and in the dark	
Still I wonder why it is		Now I understand	
I don't argue like this		I wonder why it is	
With anyone but you		I don't argue like this	
We do it all the time		With anyone but you	
Blowing out my mind		I (7) why it is	
You've got this (3)	_ I can't describe	I won't let my guard down	
You make me feel like I'm alive		For anyone but you	
When (4)	else is a fade	We do it all the time	
Without a doubt you're on my side		Blowing out my mind	
Heaven has been away too long		Just like a star across my sky	
Can't (5) the words to write this song		Just like an angel off the page	
(Oh) Your love		You (8) appeared to my life	
Still I wonder why it is		Feel like I'll never be the same	
I don't argue like this		Just like a (9) in my heart	
With anyone but you		Just (10) oil on my hands	
We do it all the time			
Blowing out my mind
