

Fill in the gaps

I (1) those blue eyes	What I should have said
How you kiss me at night	No, I (6) told you
I miss the way we sleep	I just held it in
Like there's no sunrise	And now
Like the taste of your smile	I miss everything about you
I miss the way we breathe	I can't believe that I still want you
But I never told you	And after all the things we've been through
What I should have said	I miss everything about you
No, I never told you	Without you
I just held it in	(Oh no, no)
And now	But I never (7) you
I miss everything (2) you	What I (8) have said
I can't believe that I (3) want you	No, I never told you
And after all the things we've been through	I (9) held it in
I miss everything about you	And now
Without you	I miss (10) about you
I see your blue eyes	I can't believe that I still want you
Everytime I close mine	And after all the things we've been through
You make it (4) to see	I miss everything about you
Where I belong to	Without you
When I'm not (5) you	
It's like I'm alone with me	
But I never told you
