

Fill in the gaps

Reborn and shivering	Till I'm (9) (10) it
Spat out on new terrain	From scratch, (11) again
Unsure, unconvincing	But this time I as I
This faint and (1) hour	And not as we
Day one, day one (2) over again	Eyes wet
Step one, step one, I'm (3)(4)	Toward
sense	Wide open frayed
For now I'm faking it	If God is (12) bets
Till I'm pseudo making it	I pray He wants to lose
From scratch, (5) again but	Day one, day one start over again
This (6) I as I	Step one, (13) one, I'm barely (14)
And not as we	sense
Gun shy and quivering	Just yet I'm (15) it
Timid without a hand	Till I'm pseudo making it
Feign brave with (7) intent	From scratch, begin again
Little and hardly here	But (16) time I as I
Day one, day one start over again	And not as we
Step one, step one with	
Not (8) making sense	
Just yet I'm faking it
