

## Fill in the gaps

You are far	Strange that I was wrong enough
When I could have been your star	To think you'd love me too
You listened to people	You must have been (6) a fool
Who scared you to death and from my heart	I said you must (7) been kissing a fool
Strange that you were strong enough	But remember this
To even make a start	Every other kiss
You'll never find the peace of mind	That you'll ever give
Till you listen to your heart	Long as we both live
People	When you need the hand of another man
You can never change the way they feel	One you (8) can surrender with
Better let them do just what they will	I will wait for you
For they will	Like I always do
If you let them steal your (1) from you	There's something there
People	That can't compare with any other
Will always make a lover feel a fool	You are far
But you knew I loved you	When I could have (9) (10) star
We could have shown (2) all	You listened to people
We should have (3) love through	Who scared you to death and from my heart
Fooled me with the tears in your eyes	Strange that I was wrong enough
Covered me with kisses and lies	To think you'd love me too
So bye	You must have been kissing a fool
But please don't (4) my heart	You must have been kissing a fool
You are far	You must have been kissing
I'm (5) gonna be your star	A fool
I'll pick up the pieces	
And mend my heart
