

## Fill in the gaps

Clinging to me	I know it is (8) been there
Like a last breath you would breathe	But there is trouble ahead I can feel it
You were like home to me	You were just saving yourself when you hide it
I don't recognize this street	Yeah, I know you care
Please don't close your eyes	I see it in the way that you stare
Don't know where to look (1) them	As if there was trouble ahead and you knew it
Outside the cars speed by	I'll be saving myself from the ruin
I've never heard them until now	I know it wasn't always wrong
I know you care	But I've never known a Winter so cold
I (2) it is always been there	No, I don't (9) my hands in (10) coat
But (3) is trouble ahead I can (4) it	But I still hope
You (5) just saving yourself when you hide it	'Cause this is how things ought to have been
Yeah, I know you care	And I know the words are there
I see it in the way you stare	Wasn't all that it seemed, why can't I dream
As if there was trouble ahead and you knew it	Why can't I dream
I'll be saving myself from the ruin	'Cause I know you care
And I (6) you care	And I know you care
I used to run down the stairs	I know you care
To the door and I thought you were there	I know you care
To shape to the comfort of us	I know it's always been there
Two lovers (7) out of love	
But I know you care
