

## Fill in the gaps

I hold on so nervously	Well, I'm still imagining
To me and my drink	A dark little place
I wish it was cooling me	Or (10) place or my place
But so far has not been good	Well I'm not paralyzed but I (11) to be
It's been ()	(12) by you
And I feel awkward as I should	I wanna make you move
This (1) has got to be	Because you're (13) still
The most pretentious thing	If your body matches what your eyes can do
Since I (2) you and me	You'll probably move (14) through
Well, I am imagining	Me on my way to you
A dark lit place	Well I'm not paralyzed but I seem to be struck by you
Or your place or my place	I (15) make you move
Well I'm not paralyzed but I (3) to be struck by you	Because you're standing still
I wanna make you move	If your body matches what your eyes can do
Because you're standing still	You'll (16) move right through
If your body (4) what (5)	Me on my way to you
(6) can do	Not paralyzed but I seem to be (17) by you
You'll probably move right through	I (18) make you move
Me on my way to you	Because you're (19) still
I hold out for one more drink	If your body matches (20) your (21) can
Before I think	do
I'm looking too desperately	You'll probably move right through
But so far has not (7) fun	Me on my way to you
I should just stay home	You'll probably move right through
If one thing really means one	Me on my way to you
This club (8) hopefully	You'll probably move (22) through
Be closed in three weeks	Me on my way to you
That would be (9) with me
