

Fill in the gaps

I (1) on so nervously	Well, I'm (8) imagining
To me and my drink	A dark little place
I wish it was cooling me	Or your place or my place
But so far has not been good	Well I'm not paralyzed but I seem to be struck by you
It's (2) ()	I wanna make you move
And I feel (3) as I should	Because you're standing still
This club has got to be	If your body matches what your eyes can do
The most pretentious thing	You'll probably move right through
Since I (4) you and me	Me on my way to you
Well, I am imagining	Well I'm not paralyzed but I seem to be struck by you
A dark lit place	I wanna make you move
Or your place or my place	Because you're standing still
Well I'm not paralyzed but I seem to be struck by you	If your body matches what your eyes can do
I wanna make you move	You'll probably (9) right through
Because you're standing still	Me on my way to you
If your body matches what your (5) can do	Not paralyzed but I seem to be struck by you
You'll probably move right through	I wanna make you move
Me on my way to you	Because you're standing still
I hold out for one more drink	If your body matches what your (10) can do
Before I think	You'll probably move right through
I'm looking too desperately	Me on my way to you
But so far has not been fun	You'll probably move right through
I should just stay home	Me on my way to you
If one (6) really means one	You'll probably move right through
This club will hopefully	Me on my way to you
Be closed in (7) weeks	
That would be cool with me
