# SUB inglés

Now look at me baby

### Fill in the gaps

#### Brilliant Disguise by Bruce Springsteen

| (1) you in my arms                              | Struggling to do everything right        |
|---|--|
| As the band plays                               | And then it all falls apart              |
| What are (2) words whispered baby               | (Oh) When out go the lights              |
| Just as you turn away                           | I'm just a lonely pilgrim                |
| I saw you last night                            | I walk (12) (13) in wealth               |
| Out on the edge of town                         | I want to know if it's you I don't trust |
| I wanna read your mind                          | 'Cause I (14) sure don't trust myself    |
| To know just what I've got in this new (3) I've | Now you play the (15) woman              |
| found   | I'll play the faithful man               |
| So tell me what I see                           | But just don't look too close            |
| When I look in your eyes                        | Into the palm of my hand                 |
| Is that you baby                                | We (16) at the altar                     |
| Or (4) a brilliant disguise                     | The gypsy swore our (17) was right       |
| I (5) somebody call your name                   | But come the wee wee hours               |
| From underneath our willow                      | Well maybe (18) the gypsy lied           |
| I saw something tucked in shame                 | So when you look at me                   |
| Underneath (6) pillow                           | You (19) look hard and look twice        |
| Well I've tried so hard baby                    | Is that me baby                          |
| But I (7) can't see                             | Or (20) a (21) disguise                  |
| What a woman like you                           | Tonight our bed is cold                  |
| Is doing with me                                | I'm lost in the (22) of our love         |
| So (8) me who I see                             | God (23) (24) on the man                 |
| When I (9) in your eyes                         | Who doubts what he's sure of             |
| ls (10) you baby                                |  |
| Or just a (11) disquise                         |  |
