

Fill in the gaps

All of these (1) my face	They don't know my head is a mess
Tell you the story of who I am	No, they don't know who I really am
So (3) stories of (4) I've been	And they don't know
And how I got to (5) I am	What I've been through
But these stories don't mean anything	Like you do
When you've got no one	And I was made for you
To (6) to	All of these (15) (16) my face
It's true	Tell you the (17) of who I am
I was made for you	So many stories of (18) I've been
I climbed across the (8) tops	And how I got to (19) I am
Swam all across the ocean blue	But these stories don't mean anything
I crossed all the lines and I broke all the rules	If you've got no one
But, baby, I (9) them all for you	To tell them to
Oh, because (10) when I was flat broke	It's true
You (11) me feel like a million bucks	That I was (20) for you
You do	Oh, yeah, well, it's true
And I was (12) for you	That I was made
You see the smile that's on my mouth	For you
It's hiding the words (13) don't come out	
And all of our friends	
Who think (14) I'm blessed
