remember (1) round the streets at hight	You're innocent
I remember people talking about their lives	You think everything is possible
One of us never (2) it home that night	And nothing's gonna get you baby
Drunk and high got the better of her mind	Everything is touchable
Jenny died	And nothing's gonna beat you in this life
The (3) sun with music on	It's alright
The restless day was on	(Whoo hoo ho)
You can't see whit the sun in your eyes	The setting sun with (9) on
You're innocent	The restless day was on

And nothing's gonna get you baby	You're innocent
Everything is touchable	You think everything is possible
And nothing's gonna beat you in this life	And nothing's gonna get you baby
It's alright	Everything is touchable
