

All souls pass

Fill in the gaps

Lay down	Hope fades
Your sweet and weary head	Into the world of night
Night is falling	Through (5) falling
You've (1) to journey's end	Out of memory and time
Sleep now	Don't say
And dream of the ones who came before	We have come now to the end
They are calling	White shores are calling
From across the distant shore	You and I will meet again
Why do you weep	And you'll be here in my arms
What are these tears upon your face	Just sleeping
Soon you will see	What can you see
All of your fears will pass away	On the horizon
Safe in my arms	Why do the white gulls call
You're only sleeping	Across the sea
What can you see	A pale moon rises
On the horizon	The (6) have come to carry you home
Why do the white gulls call	And all (7) turn
Across the sea	To silver glass
A pale (2) rises	A (8) on the water
The ships have come to (3) you home	Grey (9) pass
And all will turn	Into the West
To silver glass	
A (4) on the water
