Something More by Secondhand Serenade

I lie (1) again, my bodies feeling paralysed	There must be something more,
I cant remember when	Do we know what were fighting for?
I (2) live through this disguise	Breathe in breathe out
The words you (3) to me	And all these masks we wore
They couldnt set me free	We never knew what we had in store
Im stuck here in this life i didnt ask for	Breathe in breathe out
There must be something more,	I fooled everyone and now what (8) i become?
Do we know what (4) fighting for?	I have to start this over
Breathe in breathe out	I have to start this over
And all these (5) we wore	There must be something more,
We never knew what we had in store	Do we know what were fighting for?
Breathe in breathe out	Breathe in breathe out
The storm is rolling in	And all these masks we wore
The thunders loud it hurts my ears	We (9) knew what we had in store
Im paying for my sins	Breathe in breathe out
And its gunna rain for years and years	There must be something more
I fooled everyone and now (6) i	Breathe in breathe out
become?	There must be something more
I have to start this over
