

Fill in the gaps

If I could find assurance	Don't worry I'll keep you warm
To (1) you behind	l'Il follow you down
I know my better half would fade	While we're passing through space
And all my doubt	I don't (6) if we fall from grace
Is a staircase for you	I'll follow you down to where forever lies
Opened out of this space	Without a doubt I'm on your side
The first step is the one you believe in	There's nowhere else (7) I (8) rather
The second one might be profound	be
I'll follow you down	I'm not about to compromise
Through the eye of the storm	Give you up to say goodbye
Don't worry I'll keep you warm	I'll guide you through the deep
I'll follow you down	I'll keep you close to me
While we're passing through space	l'Il follow you down
I don't care if we fall from grace	Through the eye of the storm
I'll follow you down	Don't worry I'll keep you warm
You can have the money and the world	l'Il follow you down
The angels and the pearls	While we're passing through space
Even trademark the (2) blue	I don't care if we fall from grace
Just like the tower we never built	I'll follow you
In the shadow of all the guilt	If I could (9) assurance
When the (3) hand was (4) at	To leave you behind
you	I know my better half (10) fade
Yeah the first step is the one you believe in	l'Il follow you down
And the second one (5) be profound	
I'll follow you down	
Through the eye of the storm
