

Fill in the gaps

The (1) repeated	You (11) me high
As explosions broke in the sky	And I believed (12) you told that lie
All that I needed	I played soldier, you (13) king
Was the one thing I couldn't find	And struck me down when I kissed that ring
And you (2) at the turn	You lost that (14) to hold that crown
Waiting to let me know	I (15) you up but you let me down
We're (4) it up	So when you fall, I'll take my turn
To break it (5) down	And fan the flames as your blazes burn
We're (6) it up	And you were there at the turn
To (7) it down	Waiting to let me know
We can't wait	We're building it up
To burn it to the ground	To (16) it (17) down
The colors conflicted	We're (18) it up
As the (8) climbed into the clouds	To burn it down
I wanted to fix this	We can't wait
But couldn't stop from tearing it down	To (19) it to the ground
And you (9) there at the turn	When you fall, I'll take my turn
Caught in the burning glow	And fan the flames as (20) (21)
And I was there at the turn	burn
Waiting to let you know	We can't wait
We're building it up	To burn it to the ground
To break it (10) down	When you fall, I'll (22) my turn
We're building it up	And fan the flames as (23) blazes burn
To burn it down	We can't wait
We can't wait	To burn it to the ground
To burn it to the ground	
You told me yes
