Baby, I Love You by Tiffany Alvord

Fill in the gaps

There are three words	I want (6) arms around me and I
That I've been dying to say to you	Want your lips on mine
Burns in my heart	I (7) say I love you, but
Like a fire that ain't goin' out	Baby I'm terrified
There are three words	My hands are shaking, my heart is racing
And I want you to (1) they are true	'Cause it's something I can't hide
I need to let you know	It's something I can't deny
I wanna say I love you	So here I go
I wanna hold you tight	Baby I love you
I want your arms around me and I	Take it in, breathe the air
Want your lips on mine	What is there to really fear
I wanna say I love you, but	I can't contain, what my heart's saying
Baby I'm terrified	I gotta say it out loud
My hands are shaking, my (2) is racing	I wanna say I love you
'Cause it's something I can't hide	I wanna hold you tight
It's something I can't deny	I want your arms (8) me and I
So here I go	Want your lips on mine
Baby I love you	I wanna say I love you, but
I've never said	Baby I'm terrified
These words to anyone, anyone at all	My hands are shaking, my heart is racing
Never got (3) close	'Cause it's something I can't hide
'Cause I was always afraid I would fall	It's something I can't deny
But now I know	So here I go
That I'll (4) right into your arms	Baby I (9) you
Don't ever let me go	
I wanna say I love you	
I (5) hold you tight
