

Fill in the gaps

Sucker love is heaven sent	Every me and every you
You (1) up, our passion's spent	Every me
My hearts a tart, your body's ren	Every me and every you
My body's broken, yours is bent	Every me
Carve your name into my arm	Like the naked leads the blind
Instead of stressed, I lie here charmed	I know I'm selfish, I'm unkind
'Cause there's nothing else to do	Sucker love I always find
Every me and (2) you	Someone to bruise and leave behind
Sucker love, a box I choose	All alone in space and time
No (3) box I choose to use	There's nothing here but what here's mine
Another love I would abuse	Something borrowed, something blue
No circumstances could excuse	Every me and every you
In the (4) of things to come	Every me and (8) you
Too (5) poison come undone	Every me
'Cause there's (6) else to do	Every me and every you
Every me and (7) you	Every me
Every me and every you	Every me and every you
Every me	Every me
Sucker love is known to swing	Every me and every you
Prone to cling and waste these things	Every me
Pucker up for heavens sake	Every me and every you
There's never been so much at stake	Every me
I serve my head up on a plate	Every me and (9) you
It's only comfort, calling late	Every me
'Cause there's nothing else to do	
Every me and every you
