Dog Days Are Over by Florence + The Machine

Happiness hit her like a train on a track	Happiness hit her (8) a bullet in the back
Coming towards her	Struck from a great height
Stuck still no turning back	By someone who should (9) better (10)
She hid (1) corners and she hid under beds	that
She killed it with kisses and from it she fled	The dog days are over
With every bubble she (2) with her drink	The dog days are done
And washed it away down the kitchen sink	Can you hear the horses?
The dog days are over	'Cause here they come
The dog days are done	Run fast for your mother
The horses are coming	Run fast for your father
So you (3) run	Run for your children
Run fast for your mother	For your sisters and brothers
Run fast for your father	Leave all your love and your longing behind
Run for your children	You can't carry it with you if you want to survive
For your sisters and brothers	The dog days are over
Leave all your love and your (4) behind	The dog days are done
You can't carry it with you if you (5) to survive	Can you hear the horses?
The dog days are over	'Cause here they come
The dog days are done	The dog days are over
Can you hear the horses?	The dog days are done
'Cause here (6) come	The horses are coming
And I never wanted anything from you	So you better run
Except everything you had	
And what was (7) after that too (oh)
