Fill in the gaps

Spectrum (Say My Name) by Florence + The Machine

when we first came here	And every color illuminates
We were cold and we were clear	We are shining
With no colours on our skin	And we will (13) be (14) agai
We were light and paper thin	Say my name
And when we first came here	And every color illuminates
We were cold and we (1) clear	We are shining
With no (2) on our skin	And we will (15) be (16) agai
Till we let the (3) in	Say my name
Say my name	And every (17) illuminates
And (4) color illuminates	We are shining
We are shining	And we (18) never be afraid again
And we will never be afraid again	Say my name
Say my name	And (19) color illuminates
And every (5) illuminates	And we are shining
We are shining	And we will (20) be (21) agai
And we will never be (6) again	Say my name
Say my name	As every color illuminates
And (7) color illuminates	Say my name
We are shining	As (22) illuminates
And we will never be afraid again	We are shining
And (8) we come for you	And we (24) (25) be afraid again
We'll be (9) up all in blue	Say my name
With the (10) in our arms	As every color illuminates
Kiss your (11) and kiss your palms	We are shining
And when it's time to pray	And we will never be afraid again
We'll be dressed up all in grey	Say my name
With (12) on our tongues and silver in our lungs	
Say my name
