

Meet me in the pouring rain

Fill in the gaps

The way you move is like a full on rainsform		Kiss me on the sidewalk	
And I'm a (1)	of cards		Take away the pain
You're the		Cause I see, sparks fly whenever you smile	
Kinda reckless that you should send me running		Get me with those green eyes, baby	
But I kinda know that I won't get far		As the lights go down	
And you stood there in (2) of me just		Give me something that'll (5) me	
Close enough to touch		When you're not around	
Close enough to hope you couldn't see		Cause I see, sparks fly whenever you smile	
What I was thinking of		I'll run my finger through your hair	
Drop (3)	now		And watch the (6) go wild
Meet me in the pouring rain			Just keep on keeping your eyes on me
Kiss me on the sidewalk			It's just wrong enough to make it feel right
Take away the pain			Lead me up staircase
Cause I see, sparks fly			Won't you (7) soft and slow
Whenever you smile			I'm captivated by you baby
Get me with those green eyes, baby			Like a firework show
As the lights go down		Drop everything now	
Give me something that'll haunt me		Meet me in the pouring rain	
When you're not around			Kiss me on the sidewalk
Cause I see, sparks fly whenever you smile			Take away the (8) cause
My mind forgets to remind me			I see (9) fly whenever you smile
You're a bad idea		Get me with (10) green eyes, baby	
You touch me once and it's really something		As the lights go down	
You find I'm ever better than you		Give me something that'll haunt me	
Imagined I would be		When you're not around	
I'm on my guard for the rest of the world		Cause I see, sparks fly whenever you smile	
But with you I know it's no good			When sparks fly, Oh baby smile
And I could wait patiently but I (4) wish you		wish you	When sparks fly
would
