Even when the ones I love

Fill in the gaps

Washed By The Water by Needtobreathe

Daddy was a preacher		Turn around and crucify me	
She was his wife		I won't never ever let you down	
Just tryin' to make the world a little better		I won't fall, I won't fall	
You know, shine a light		I won't fall as (5)	_ as you're around me
People (1)	talking	Even when the (6)	falls
Just to hear their own voice		Even when the flood starts rising	
Those people tried to accuse my father		Even when the storm comes	
Saying he'd made the wrong choice		I am washed by the water	
Though it might be painful		Even when the (7)	falls
You know that time will always tell		Even (8) the flood starts rising	
Those people have long since gone		Even when the storm comes	
My father never failed		I am washed by the water	
Even when the (2) falls		Even when the rain falls	
Even when the flood (3) rising		Even when the flood starts rising	
Even when the storm comes		Even when the storm comes	
I am washed by the water		I am washed by the water	
Even when the rain falls		Even when the rain falls	
Even when the (4)	starts rising	Even when the flood starts rising	
Even when the storm comes		Even when the storm comes	
I am washed by the water		I am (9) b	by the water
Even when the earth crumble	es under my feet
