

If this ain't love then how do we get out?

## Fill in the gaps

t kills me not to know this	Because I don't know
But I've all but (1) forgotten	That's when she said I don't hate you boy
What the color of her eyes were	I just (7) to save you
And her scars or how she got them	While there's still something left to save
As the telling signs of age rain down	That's when I told her I love you girl
A single tear is dropping	But I'm not the answer
Through the (2) of an aging face	For the questions that you still have
That this world has forgotten	(Oooh oooh)
There is no reconciliation	One thousand miles away
That will put me in my place	There's nothing left to say
And there is no (3) like the present	But so much left that I don't know
To drink these draining seconds	We never had a choice
But seldom do these words ring true	This (8) is too much noise
When I'm constantly failing you	It takes me under
Like walls that we just can't break through	It takes me under once again
Jntil we disappear	I don't hate you
So tell me now	I don't hate you, no
f this ain't love then how do we get out?	So tell me now
Because I don't know	If this ain't love then how do we get out?
That's when she said I don't hate you boy	Because I don't know
(4) want to save you	That's when she said I don't hate you boy
While there's still something left to save	I just want to save you
That's when I told her I love you girl	While there's still something left to save
But I'm not the answer	That's when I told her I love you girl
For the questions that you (5) have	But I'm not the answer
(Oooh oooh)	For the (9) that you still have
But the day pressed on like crushing weights	(Oooh oooh)
For no man does it ever wait	I don't (10) you
Like (6) of dying days	I don't hate you
That deafen us like hurricanes	(Oooh oooh)
Bathed in flames we held the brand	I don't hate you
Uncurled the fingers in your hand	I don't hate you, no
Pressed into the flesh like sand	(Oooh oooh)
Now do you understand?	
So tell me now	

- 1. just
- 2. valleys
- 3. time
- 4. just
- 5. still
- 6. memories
- 7. want
