# Can't Hold Us Down by Christina Aguilera & Lil' Kim

| So what am I not supposed to have an opinion          |
|-------------------------------------------------------|
| Should I be quiet just because I'm a woman            |
| Call me a bitch cause I speak what's on my mind       |
| Guess it's (1) for you to swallow if I sat and smiled |
| When a female (2) back                                |
| Suddenly big talker don't know how to act             |
| So he does what any (3) boy will do                   |
| Making up a few false rumors or two                   |
| That for sure is not a man to me                      |
| Slanderin' names for popularity                       |
| It's sad you only get your fame through controversy   |
| But now it's (4) for me                               |
| To (5) and (6) you more to say                        |
| This is for my girls all around the world             |
| Who've come across a man                              |
| That don't respect your worth                         |
| Thinking all women should be seen, not heard          |
| So what do we do girls?                               |
| Shout louder!                                         |
| Letting them know we're gonna stand our ground        |
| Lift (7) hands (8) and wave them proud                |
| Take a (9) breath and say it loud                     |
| Never can, never will, can't hold us down             |
| Nobody can hold us down                               |
| Nobody can hold us down                               |
| Nobody can hold us down                               |
| Never can, never will                                 |
| So what am I not (10) to say                          |
| What I'm saying                                       |

| Are you offended by the (11) I'm bringing        |
| Call me whatever cos your words                  |
| Don't mean a thing                               |
| Guess you ain't even a man enough                |
| To handle what I sing                            |
| If you look back in history                      |
| It's a common double standard of society         |
| The guy gets all the (12) the more he can score  |
| While the girl can do the same                   |
| And yet you call her a whore                     |
| I don't understand why it's okay                 |
| The guy can get away with it the girl gets named |
| All my (13) come together and make a change      |
| Start a new beginning for us everybody sing      |
| This is for my girls all around the world        |
| Who've come across a man                         |
| That don't respect (14) worth                    |
| Thinking all women should be seen, not heard     |
| What do we do girls?                             |

| Lift your hands high and wave 'em proud          |
| Take a deep breath and say it loud               |
| Never can, (15) will                             |
| (Check it) can't (16) us down                    |
| Here's something I just can't understand         |
| If the guy have three girls then he's the man    |
| He can either give us some head, sex her off     |
| If the girl do the same, then she's a whore      |
| But the table's about to turn up                 |

| Do it (20) back to him and let that be that       |           |
| You need to let him know that his game is whack   |           |
| And Lil' Kim and Christina Aguilera got your back |           |
| But you're just a little boy                      |           |
