

When we called it love

But even the sun sets in paradise I'm at a payphone trying to call home

## Payphone by Maroon 5 & Wiz Khalifa

'm at a (1) to call	All of my change, I spent on you
nome	Where have the times gone
All of my change, I spent on you	Baby, it's all wrong
Where (3) the times gone?	Where are the plans we made for two?
Baby, it's all wrong	If happy ever after did exist
Where are the (4) we made for two?	I would still be holding you like this
Yeah, I, I know it's hard to remember	All those fairy tales are (11) of shit
The people we used to be	One more (12) love song, I'll be sick
t's (5) harder to picture	Now I'm at a payphone
That you're not here (6) to me	Man, fuck that shit
You say it's too late to make it	I'll be out spending all this money
But is it too late to try?	While you're sitting 'round wondering
And in our time that you wasted	Why it wasn't you who (13) up from nothing
All of our (7) burned down	Made it from the bottom
've wasted my nights	Now when you see me, I'm stunnin'
You turned out the lights	And all of my cars start (14) the push of a button
Now I'm paralyzed	Telling me the (15) I blew up
Still stuck in that time	Or whatever you (16) it
When we called it love	Switch the number to my phone
But (8) the sun sets in paradise	So you never could call it
'm at a payphone trying to call home	Don't need my name on my show
All of my change, I spent on you	You can tell it I'm ballin'
Where have the times gone?	Swish, (17) a shame, could have got picked
Baby, it's all wrong	Had a really good game but you missed your last shot
Where are the plans we made for two?	So you talk about who you see at the top
f happy ever afters did exist	Or (18) you could have saw
would still be holding you like this	But sad to say it's (19) for
All those fairy tales are full of shit	Phantom pulled up, valet open doors
One more fucking (9) song, I'll be sick	Wiz (20) go away, got what you was looking for
(Oh)	Now it's me who they want, so you can go and take
You turned your (10) on tomorrow	That (21) (22) of shit with you
Cause you forgot yesterday	I'm at a payphone trying to call home
gave you my love to borrow	All of my change, I spent on you
But you just gave it away	Where (23) the times gone
You can't expect me to be fine	Baby it's all wrong
don't expect you to care	Where are the plans we made for two?
know I've said it before	If (24) ever afters did exist
But all of our bridges burned down	I would still be holding you (25) this
've wasted my nights	All those fairy tales are (26) of shit
You turned out the lights	One more fucking love song, I'll be sick
Now I'm paralyzed	Now I'm at a payphone
Still stuck in that time
