

Fill in the gaps

I did my time, and I want out!	The preservation of the martyr in me
So (1) fade	Psychosocial, psychosocial
It doesn't cut, this soul is not so vibrant	Psychosocial, psychosocial
The reckoning, the sickening	The limits of the dead
Back at your subversion	The limits of the dead
Pseudo-sacred (2) before dawn	The (17) of the dead
Go to your deserts, go dig your graves!	The (18) of the dead
Then fill your mouth (3) all the (4)	Fate! (19) catch this lie (psychosocial)
you (5) save	I've tried to tell you thrice! (psychosocial)
Sinking in, getting smaller again	Your (20) lies are giving out (psychosocial)
I'm done! It has begun, I'm not the only one!	Can't (21) the killing idea (psychosocial)
And the rain will kill us all	If it's something secret (psychosocial)
Throw ourselves against the wall	Is this what you want? (psychosocial)
But no-one else can see	I'm not the (22) one!
The (6) of the martyr in me	And the (23) will kill us all
Psychosocial, psychosocial	Throw (24) (25) the
Psychosocial, psychosocial	wall
Oh, there are cracks in the road we lay	But no one else can see
But we're the (7) filth, the secret (8)	The (26) of the martyr in me
gone mad	And the (27) will (28) us all
This is nothing new, but (9) we (10) it	Throw ourselves against the wall
all?	But no one else can see
The hate was all we had!	The preservation of the martyr in me
Who needs another mess, we could start over	The (29) of the dead
Just look me in the (11) and say I'm wrong!	The limits of the dead
Now there's only emptiness, (12) elicit self threat	
I (13) we're done, I'm not the only one!	
And the rain (14) (15) us all	
Throw (16) against the wall	
But no-one else can see
