Let's (1) in style, let's (2)	_ for a	Some are a melody and some are the beat
while		Sooner or (4) they all will be gone
Heaven can wait we're only watching the skies		Why don't (5) stay young?
Hoping for the best, but expecting the worst		It's so (6) to get old without a cause
Are you gonna drop the bomb or not?		I don't (7) to (8) like a fading horse
Let us stay young or let us live forever		Years like diamonds in the sun
We don't have the power, but we never say never		And diamonds are forever
Sitting in the sandpit, life is a (3) trip		So many advantages given up today
The music's for the sadman		So many songs we forgot to play
Can you imagine when this race is won		So many dreams swinging out of the blue
Turn out all the faces into the sun		Oh let it come true
Praising our leaders, we're getting in tune		Forever Young
The music's played by the madman		I want to be Forever Young
Forever Young		Do you (9) want to live forever?
I want to be Forever Young		Forever, you'll never
Do you really want to live forever?		Forever Young,
Forever, you'll never		I want to be Forever Young
Forever Young,		Do you really want to live forever?
I want to be Forever Young		Forever Young.
Do you really want to live forever?		
Forever Young
