

Can I please come down?

Fill in the gaps

	'Cause I'm tired of drifting round
Can anybody hear me?	And round
Am I talking to myself?	Can I please come down?
My mind is running empty	Now I lie awake and scream in a zero gravity
In the (1) for someone else	And it's starting to weigh down on me
Who doesn't look right through me	Let's abort this mission now
It's all just static in my head	Can I please come down?
Can anybody tell me why	So tonight I'm calling all astronauts
I'm (2) like a satellite?	Calling (6) people that the world forgot
'Cause tonight I'm feeling (3) an astronaut	If you hear my voice come pick me up
Sending SOS from this tiny box	Are you out there?
And I lost all signal (4) I lifted up	'Cause you're all I've got!
Now I'm stuck out here and the world forgot	And tonight I'm feeling (7) an astronaut
Can I please come down	Sending SOS from this tiny box
'Cause I'm tired of drifting round	And I lost all signal when I lifted up
And round	Now I'm stuck out here and the world forgot
Can I please come down?	'Cause tonight I'm feeling like an astronaut
I'm deaf from all the silence	Sending SOS from (8) tiny box
Is it something that I've done?	To the lonely people that the world forgot
I know that there are millions	Are you out there?
I can't be the only one who's so disconnected	'Cause you're all I've got!
It's so different in my head	Can I please come down?
Can anybody tell me why	'Cause I'm (9) of drifting round and round
I'm lonely like a satellite?	Can I please come down?
'Cause tonight I'm feeling like an astronaut	Can I please come down?
Sending SOS from this tiny box	Can I (10) come down?
And I lost all (5) when I lifted up	
Now I'm stuck out here and the world forgot
