Fill in the gaps

Other Side Of The World by KT Tunstall

Over the sea and far away	Is full of tired excuses
She's waiting like an iceberg	But it's to hard to say
Waiting to change	I wish it were simple
But she's cold inside	But we give up easily
She (1) to be like the water	You're close enough to see that
All the muscles tighten in her face	You're the other side of the world to me
Buries her soul in one embrace	Can you (6) me?
They're one and the same just like water	Can you let me go?
The fire fades away	And can you still love me?
Most of everyday	When you can't see me anymore
Is full of tired excuses	And the fire fades away
But it's to (2) to say	Most of everyday
I wish it were simple	Is full of tired excuses
But we give up easily	But it's to (7) to say
You're close enough to see that	I wish it were simple
You're the (3) side of the world to me	But we give up easily
On (4) the panic light	You're close enough to see that
Holding on with (5) and feelings alike	You're the (8) (9) of the world
But the time has come	The other side of the world
To move along	You're the other side of the world to me
And the fire fades away	
Most of everyday
