

How it really feels

Fill in the gaps

All my life I've (1) waiting	To be left outside alone
For you to (2) a fairy tale my way	When (11) (12) out here
Been (3) in a (4) without	Well (13) you should know
meaning	Just how it feels
It's not okay	To be left (14) alone
I don't (5) safe	To be left outside alone
I don't feel safe (oh)	I (15) ya
Left broken empty in despair	All my life I've (16) waiting
Wanna breath can't find air	For you to bring a (17) my way
Thought you were sent (6) up above	Been living in a (18) without meaning
But you and me never had love	It's not okay
So much (7) I have to say	I don't feel safe
Help me find a way	I need to pray
And I wonder if you know	(Oh pray)
How it really feels	(Oh heavenly father)
To be left outside alone	(Save me oh)
When it's cold out here	(Whoa)
Well maybe you should know	(And I wonder if you know)
Just how it feels	(How it (19) feels)
To be (8) outside alone	To be left outside alone
To be left outside alone	When it's cold out here
I tell ya	Well (20) you should know
All my life I've been waiting	Just how it feels
For you to bring a fairytale my way	To be left outside alone
Been living in a fantasy without meaning	To be (21) (22) alone
It's not okay	All my life (23) been waiting
I don't feel safe	For you to bring a (24) my way
I need to pray	Been living in a fantasy without (25) (oh!)
Why do you play me like a game?	It's not okay
Always someone else to blame	I don't (26) safe
Careless, (9) little man	I need to pray
Someday you might understand	
There's not much more to say	
But I (10) you find a way	
Still I wonder if you know
