

Fill in the gaps

You were my conscious	From turning into a monster
So silent, now you're like water	And (12) us alive
And we started drowning	Don't you ever wonder how we've survived?
Not like we'd sink any farther	Well now that you're gone
But I let my heart go	The world is ours
It's somewhere down at the bottom	Well you'd better strength in solutions
But I'll get a new one	But I liked the attention
And (1) (2) for the (3) that	And not always (13) the answers
you've stolen	But you're (14) lose it
I'll stop the whole world	You're (15) lose it
I'll stop the whole world	I'll stop the whole world (Whole world)
From turning (4) a monster	I'll stop the (16) world
And (5) us alive	From turning (17) a monster
Don't you ever wonder how we've survived?	And eating us alive
Well now that you're gone	Don't you (18) wonder how we've survived?
The (6) is ours	Well now that you're gone
	The world
I'm only human	I'll stop the whole world (Whole world)
I've got a skeleton in me	I'll stop the (19) world
But I'm not the villain	From (20) into a monster
Despite what you're always preaching	And (21) us alive
Call me a traitor	Don't you ever (22) how we've survived?
I'm (7) collecting your victims	Now (23) you're gone
And they're (8) stronger	The world is ours
I hear (9) calling (Calling)	
They're calling	
I'll stop the (10) world	
I'll (11) the whole world
