Slow Cheetah by Red Hot Chili Peppers

Waking up dead inside of my head	Before my forest
Will (1) never do there is no med	Looks like it's on today
No medicine to take	Slow cheetah come
I've had a chance to be insane	It's so euphoric
Asylum from the falling rain	No matter what (13) say
I've had a (2) to break	Everyone has
It's so bad it's got to be good	So (14) to say
Mysterious girl misunderstood	They talk, talk, talk
Dressed like a wedding cake	Their (15) away
Any (3) day and I (4) play	Don't even hesitate
A funeral (5) for Bonnie Brae	Walking on down
Why try and run away	To the (16) ground
Slow (6) come	It's a (17) old dance
Before my forest	With a merry old sound
Looks like it's on today	Looks (18) it's on today
Slow cheetah come	Slow cheetah come
It's so euphoric	Before my forest
No matter what (7) say	Looks (19) it's on today
l know a girl	Slow cheetah come
She worked in a store	It's so euphoric
She knew not what	No (20) what they say
Her life was for	Slow cheetah come
She (8) her name	Before my forest
They tried to tell her	Looks like it's on today
She would never be	Slow (21) come
As (10) as the girl	It's so euphoric
In the magazine	No matter what (22) say
She (11) it with her pay
